CATERING

The food you serve at your wedding can play a vital role to the whole day and we want you to be able to offer a menu that reflects you as a couple.

This is why we don't have any set menus in place, instead we give you the freedom to choose a caterer from our approved caterer list to suit your individual needs.

BRIDAL ROOM

Within the venue we have our bridal room featuring an incredible salon styled mirrored wall, an extra-long vanity table with plenty of plug sockets making it the perfect place for bridal preparations

You'll also have access to your private dressing room throughout the wedding day. It's your private place to freshen up or change into something more comfortable for dancing the night away!
